SHOW THE LOVE 2021

How can we get to net zero by 2050?

NIKKI JONES

introduced by

LUCY STONE of Our Common Climate www.ourcommonclimate.org

Trees are essential for tackling climate change; they take carbon out of the atmosphere! Find out about a new project at Seend, creating a public space with a mix of meadow, pond, community orchard and new woodland. A walk in the wood is good for health too!
